EXPERIENCE

Expert UX & UI Designer Upwork

2018 - PRESENT

With a wealth of experience across multiple industries, I specialize in creating user-centered design solutions that are not only visually striking but also strategically effective.

- Extensive experience in various industries, focusing on user-centered design solutions that are visually appealing and strategically sound.
- Proven track record on Upwork with consistent 5-star ratings and high client satisfaction.
- Dedicated to delivering high-quality work with professionalism and reliability.

Lead Designer Format-3

2020 - 2022

For two rewarding years, I was the Lead Designer at Format-3 in London, where I had the pleasure of collaborating with a skilled team of designers.

- Served as Lead Designer at Format-3 in London for two fulfilling years, collaborating with a talented team of designers.
- Specialized in website design, honing my skills in a supportive and friendly environment.
- Departed with appreciation for the experiences gained, growing both as a designer and an individual.

Senior Dashboard Designer Aufait UX

2018 - 2019

From April to December 2018, I had the opportunity to work remotely with a skilled team at Aufait UX Agency, located in Bengaluru, India.

- Worked remotely with a talented team at Aufait UX Agency in Bengaluru, India, from April to December 2018.
- Gained valuable skills in user research and empathy-driven design through virtual collaboration.
- Left Aufait UX Agency with a bittersweet feeling, grateful for the knowledge and experiences from my remote journey.

EDUCATION

Bachelor of Engineering (BEng), Computer Science Ahsanullah University of Science and Technology

2008-2012

I earned my Bachelor of Engineering in Computer Science from Ahsanullah University of Science and Technology between 2008 and 2012. Graduating with honors, I maintained an impressive GPA and was recognized for my commitment to academic excellence. It was a rewarding experience to be among the top graduates of my cohort.

Master of Arts (MA), Interaction and UI, UX Design Academy of Art University (Online)

2015-2016

Master of Arts (MA) in Interaction and UI/UX Design from Academy of Art University (Online), completed 2015-2016. Developed expertise in user-centered design, prototyping, and usability testing, enhancing skills in creating intuitive digital experiences.
